

ŁUKASZ SOBOLA

FRONTEND DEVELOPER

EXPERIENCE

Prime Force

02/2019 - currently

Junior Angular Developer

I am responsible for building new and developing existing angular components for an internal document management of BMW company. My tasks are also preparation of End-To-End tests (E2E).

Hypermedia/Isobar

10-2012 - 02-2019

Senior Frontend Developer

I created and maintained responsive brand pages and contest purpose platforms. I was also involved in helping at the recruitment process and taking care of new people at the team.

Makolab

10-2010 - 10-2012

Junior Web Developer

My main responsibilities were focused on making modification in existing webpage templates. I also had to fix the bugs reported by our testers or clients. Sometimes I did as well websites content updates.

JOB PROFILE

From 2012 I'm working as front-end developer. During this period I was involved in over a dozen or even more commercial projects. My main responsibility is creating a visual layer of websites based on graphic projects. At this moment I'm focused on improving my JavaScript skills and I'm interested in this type of projects.
